TECHNICAL DATA SHEET FOR VA 660

Edited/Revised By:	AV	on:	16/09/2009
Product Reference	VA 660		
EDP code	VA 660		
Factory reference	F00331		
Description	Ceiling filter, for pure air diffusion		
Content	Blend of oven-cured binary and standard, self-extinguishing PET microfibers		
Fibers tackifying	Full depth impregnation		
Print	F5 EN 779 F1 DIN 24185		
Finish air exit side	Unstretchable synthetic screen		
Color	White		
Packaging	Std. Rolls or pads of 20mm thickness		
Safety sheet reference	102sic@cieli		
Characteristic (EN779)	Un.Mis./Std	Tolerance	
Filtration class	EN779		F5
Thickness	mm	± 2	25
Rated air flow	m3/m2*h		900
Initial pressure drop	Pa		25
Final pressure drop	Pa		450
Average arrestance	%		95% < A < 99%
Average efficiency	%		50%
Dust holding capacity	g/m2		330
Flame resistance	DIN 53438	NA	F1 B2
Max allow. Temp.			100°C
Aspect			Fleece of synthetic fibers
